

Keeping Kids Safe: An Internet & Mobile Safety Workshop™

This powerful program uses the latest statistics, resources, videos, and expert tips to convey the must-have information that parents need in order to educate, engage with, and protect their children in today's digital world.

Keeping Kids Safe: An Internet & Mobile Safety Workshop™ is specifically designed to give parents and trusted adults:

- A clearer understanding of the issues kids are facing,
- The resources they need to better communicate with kids about making safer decisions,
- An overview of technology to help parents protect their children from predators and bullies and to help them manage their child's privacy and reputation online.
